DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for domestic use can show any such *professional* endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and draging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CHAUNCEY M. DEPEW.

Hidden in among the hills of Westchester county, N. Y., not far from Briarcliff Manor, in a pleasant country home dedicated to restfulness and calm, Chauncey M. Depew lies stricken, the canker of grief eating out his mind, his heart broken, his nerves utterly shattered.

In the feeble old man sunning himself lazily on the board veranda of this house of the lotus eaters few would recognize the imposing figure whose eloquent counsel, both in convention hall and committee room, more than once made or unmade legislators and politicians and gave shape and direction to platforms and national politics.

The embodiment of all that was jovial and kindly and good humored, the man whose life seems to be so well attuned to all that was pleasant and wholesome in the everyday routine of existence, has entered the dismal road of doubt, dejection and despair.

The doctors who diagnosed his case set it down as one of nervous prostration, an all embraced term which covers ills too complex for pathological classification. They advised rest and absolute quiet and the steeping of all the senses into forgetfulness so deep that the noises of the busy world and the wagging tongues should not infrange even in the slightest manner on the consciousness of their patient.

They bundled off the sick man, now as docile as a child, to the very heart of the wooded stillness on top of a green hill, sunkissed and sweet-scented and left him there in care of trained nurses.

The tired brain relaxed under the benedictive quiet of the crimson skies and the healing silence of the trees and hills, but the poison had entered the heart and it withered at its touch and memory banished to far distances came back insistent and inexoratle to haunt the stricken man with what had been and was. The friends of the Senator in vain tried to picture to him the glory of other days, when he had been the acclaimed of all, but for all this the old man would not take heart.

Fed on high regard and praise, accustomed to the greatest respect and consideration, a very slave to popularity and the spoken appreciation of his peers, the once genial Depew bowed his head and brooded, shutting himself out from the companionship of every one, and seizing with avidity upon every printed word touching upon his connection with the insurance scandals. Mrs. Depew, a mute and helpless spectator, herself fell a prey to despondency and had to be sent to Briarcliff Manor, there to be treated for nervous prostration.

Yesterday she had regained some of her equanimity of spirits and the color is beginning to return to her cheeks, but in the sanitarium near by the Senator still sits gloomily watching the sunset and remembering other days.

The doctors have forbidden him to read the papers, but in spite of all their efforts the echo of the criticism of his participation in the insurance scandals still ring in his ears.

Bryan Defines Position.

Former Senator J. K. Jones, of Arkansas, who was chairman of the democratic national committee during both the Bryan campaigns, has received the following letter from Mr. W. J. Bryan in reply to a letter in which Senator Jones discussed in a personal way the present political situation in this country:

GRAND HOTEL,
STOCKHOLM, June 18, 1906.

Hon. James K. Jones, Washington:

My Dear Senator—Your favor at hand, I have been watching political developments and have noted with gratification the vindication of democratic principles. You have correctly stated my position. As I wrote to Colonel Wetmore, I shall do nothing to secure another nomination, and do not want one unless the conditions seem to demand it. I may add that I enjoy the freedom of private life and feel that I can do some good without holding any office.

There are, however, certain reforms which I would like very much to see accomplished, and to assist in the accomplishment of these reforms I am willing to become the party candidate again if, when the time for nomination arrives, the advocates of reform are in control of the party and think that my candidacy will give the best assurance of victory. If someone else seems more available I shall be even better pleased.

I need not assure you that I am more interested in seeing our principles triumphant than I am in the personnel of the ticket. The country needs to have Jeffersonian democracy, applied to all the departments of the government, State and national, and I am content to help to make this application.

Yours truly, W. J. BRYAN.

England and Egypt.

The British Parliament and the country were given a surprise last night by an unexpected and sensational speech by Sir Edward Grey, the foreign secretary, on the situation in Egypt. An interesting debate on foreign affairs had been anticipated when the House of Commons took up the foreign estimates, but on account of Russia and the Congo affairs rather than Egypt. All other subjects, however were temporarily forgotten when the House realized the momentous character of Sir Edward Grey's deliverance with regard to Egypt.

Speaking in a solemn tone, and amid a tense silence, the minister declared that the recent attacks on British officers at Tantab was not accidental, but a deliberate manifestation of the fanatical spirit, which had necessitated the strengthening of the garrison in Egypt, and declared that unless the authority of Lord Cromer and the Egyptian government was strongly upheld, it might lead to a situation requiring the adoption of such unconstitutional measures to meet the emergency as would be especially distasteful to the liberal government.

In the course of the consideration of the foreign estimates, several members offered criticisms, especially urging that a fleet be not sent to Cronstad'.

Sensational Escape.

G. B. Smith, the local manager for the Mehlin & Kroeger Piano Company, of Roanoke, made a sensational escape from arrest last night on the charge of passing worthless checks and obtaining money under false pretenses. Smith had been in Danville for about nine months, and on Wednesday passed checks amounting to four or five hundred dollars, which were cashed by various merchants. The checks were drawn on the Bank of Danville and signed "The Mehlin & Kroeger Piano Company, C. B. Smith, agent."

Payment was refused yesterday on one of the checks, and Smith was arrested yesterday afternoon on complaint of one of the parties just as he and his wife were in the act of leaving Roanoke on a train. The holder of the check was reimbursed for his loss and Smith was released.

Last night other complaints went to the police, and two officers went to his store on Main street to arrest him. Smith drew a revolver and pointing the weapon in their faces, made them sit down and remain until he had left the building. When he left he locked the front door. He is still at large.

Shot in Sham Battle.

Sergt. Frank B. Blunt, of Company B, Seventieth Regiment, as stated yesterday, was shot in the sham battle at Chase City Wednesday and is in a serious condition at the Mecklenburg Hotel there and may die. He was shot by a riot cartridge, containing three buckshot, at a range of 20 feet, and they entered above his hip and lodged in his back. One of the balls is still in his body. It is impossible to tell who fired the deadly cartride or even from what company it was fired, as both Petersburg and Chase City troops were making aggressive movements against Company B in their front at the time. Sergeant Blunt was kneeling when shot. He rose to his feet and then fell. Sergeant Blunt is said to have had a premonition of coming disaster, and protested against joining in the sham battle, and only did so under orders. When shot his first words were to chide First Lieutenant Slack for compelling him to join in the sham battle against his will.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, JULY 6, 1906.

IN THE course of his great act of financial legerdemain, wherein he showed that if one deducts $140,000,000 from the appropriations and has good luck with the revenues, he will get a surplus of $40,000,000, Mr. Tawney said that "the extent which the people demand that the federal government shall perform services that should be paid by the States" accounts for the great aggregate of appropriations. He has no authority for saying that the people demand that food inspection shall be performed by the national government; they would be as well pleased if the States would perform all their duties, and very likely the States would if federal justices had not circumscribed their prerogatives. But what is particularly worth noticing is that the chairman of the appropriations committee recognizes that the federal government is performing functions that are the duties of the States. One more republican confesses that his party has gone beyond the constitutional limits in aggrandizing the central power.

THE annual report of the Iron and Steel Association, which has just appeared, shows that the production of rails last year was 50 per cent, greater than in 1904; the production of plates and sheets was nearly 50 per cent greater; the shipments of iron ore from the Lake Superior region were nearly two-thirds greater, and the total of rolled products of iron and steel was more than one-third greater. The production of open hearth steel continues to gain on the production of Bessemer, last year's increase of each variety being three million tons, but the ratio of increase was larger in the open-hearth variety. The steel trust is in the saddle and the order that there shall be no reduction in the tariff is being strictly obeyed by the "stand-patters" in Congress.

AS ANTICIPATED President Roosevelt has declined the invitation of William Hoge, president of the Commercial Travelers' Anti-Trust League, to preside [illegible] nas refused other offers, and, in consistency, must decline the present one His desire for strict seclusion at Sagamore Hill is paramount to all others.

SECRETARY SHAW is going to rush the work of purchasing sites and contracting for the erection of new public buildings authorized by Congress the last day of the session. He is determined to get the money into circulation without a moment's delay. The congressional elections are "on," and, besides, Mr. Shaw is a presidential candidate. The Secretary has already prepared his announcements and the dates on which offers of land and tenders for construction will be opened have also been announced.

THE returns of the killing and wounded of the Fourth of July campaign are not all in yet; but indications are not wanting that their numbers will well nigh equal if they do not exceed the losses in battle during the Spanish American war.

[Correspondence of the Alexandria Gazette.]

Washington, July 6.

Secretary Metcalf of the Department of Commerce and Labor today took the first steps in the organization of the division of naturalization, in accordance with the new law, by the appointment of Judge Richard K. Campbell, of Virginia, as chief. For years Judge Campbell has been law officer in the bureau of immigration. Jerome O. Shear, heretofore Chinese inspector, and Merton A. Sturges, formerly in charge of files of the bureau which relate to the Chinese exclusion law, both of Michigan, were appointed stenographer and clerk, respectively, under Judge Campbell. For the present there will be no other appointments in the division. The name of the bureau of immigration will hereafter be known as the bureau of immigration and naturalization, with Commissioner-General of Immigration Frank P. Sargent at its head. The division of naturalization will be in this bureau. Judge Campbell will set to work at once to organize the new division. The immediate work of the new division will consist of notifying the various States and Territories of the provisions of law in regard to the courts thereof which will hereafter have jurisdiction in the naturalization of aliens, to make provisions for the necessary printing and the preparation of regulations and explanations for the guidance of the clerks of the courts. Since the new act does not become operative except as to certain sections until about September 27, naturalizations under existing law will continue until that time. Thereafter, for a period of at least ninety days, no alien can lawfully be naturalized by any court, since the new law provides that such an interval shall elapse between the filing of a petition to become a citizen and the granting of such petition.

Alphonso Zelaya, son of the President of Nicaragua, did not appear when his case was caused in police court this morning, and his collateral of $10 was forfeited. The money had been put up by the saloonist by whom Zelaya had recently been employed as piano player. The young man has disappeared, and it is announced that the police will take no further steps in the case. Zeleya was arrested yesterday charged with the theft of some underwear from Policeman Samson who had a room adjoining that of the Nicaraguan. The young fellow has been in hard straits ever since he married Miss Baker, of this city, in opposition to the wishes of his father. As soon as the latter heard of the marriage, he cut off the boy's monthly allowance of $100 and left him to shift for himself. He has never been use to work, and was for a time absolutely stranded. Finally he got employment as "professor" on the piano in a downtown saloon. Yesterday he applied to the Board of Charities and Correction for transportation to Nicaragua, but it was refused.

Secretary Wilson, of the Agriculture Department, is about to become an advertiser in some 200 daily newspapers in the United States. The advertisement will be addressed to "railroads and other transportation companies, and proprietors of slaughtering, meat-canning, salting, packing, rendering, or similar establishments" throughout the country and will call upon them to notify the department at once of the amount of meat products handled in interstate or foreign commerce, the number, the name and the capacity of the various establishments. The Secretary wants this information in order to determine by October 1 what establishments must be inspected and what exempted, in accordance with the new inspection law.

Rear-Admiral Willard H. Brownson, commanding the cruiser division of the Atlantic fleet, is to be given supreme command of the big fleet of U. S. war ships being maintained in Asiatic waters. On the 24th of August Admiral Brownson, in command of the squadron of new armored cruisers consisting of the Maryland, Pennsylvania, Colorado and West Virginia will sail from New York for Manila. It has been decided by the Navy and State Departments that the fleet on the Asiatic station should be materially increased. The four armored cruisers, each as powerful as a first class battleship but having the advantage of greater speed, will relieve in the Orient the only two battleships there—the Ohio and Wisconsin, which will be ordered home. When the fleet reaches the Philippines Rear-Admiral Brownson, will relieve Rear-Admiral C. J. Train in command of the fleet on the Asiatic station. Admiral Train will be ordered home for other duty.

The democratic congressional committee, which will have charge of the campaign this fall, is getting into working order at headquarters in this city. Secretary Charles A. Edwards is the executive man in charge at the committee rooms in the Munsey building, although Chairman Griggs is here now and will be here the greater part of the campaign. In addition to Mr. Griggs, Representatives John Wesley Gaines, of Tennessee, and Eaton J. Bowers, of Mississippi, are at headquarters and will be there a great portion of the time [illegible] of an investigation by the Bureau of Labor of the Department of Commerce and Labor for several weeks and the observations which the experts made have just been given to the public. Nineteen families, typical of the poor throughout the United States were selected, families that were not paupers but which were palpably, actually poor nevertheless, to which the loss of a day's wages would have been a keen embarrassment. One of the most striking deductions draw from the investigation is that practically every one carries a life insurance. "Practically everybody was insured except infants under one year of age, and these are uninsurable," says the report. In speaking of the failure of the poor frequently to buy nutritious food, the report states that in one family, the head of which was a widow, during a week of stress, but 37 cents was spent for meat, while 25 cents was spent for pies and 55 cents for cake and candy. 'Dont eat much meats, can't afford it' was her explanation.

At the meeting of the Board of Education held this morning, Superintendent of Public Schools Alexander T. Stuart, practical refused a renomination to that position.

Eight horses and five mules were burned to death last night in a fire which destroyed the stables of Thomas Kennelly, corner of South Capitol and C streets southwest, in which were stored large quantities of hay and grain.

Murdered and Robbed.

A story of crime almost unparalleled in the annals of that section reached Charleston, W. Va., late last night from Ivydale, a village in Clay county, near the Braxton county border.

The remains of Russell Perry, a lumber grader in the employ of the C. L. Ritter Lumber Company, on Big Buffalo Creek, were picked up by a section crew yesterday morning at Jessica, a lumber camp three miles from Ivydale. A freight train had run over the man's body, and although it was terribly mangled, marks of foul play were plainly seen, a bullet hole being found below one eye, while his throat had been cut from ear to ear, apparently with a pocket knife or some such instrument.

Justice W. P. Hambrick, of Clay, quickly summoned a jury for an inquest, and sufficient evidence was procured to jail three young men, brothers, named Dickey, who had been drinking with Perry, while two other men are strongly suspected of complicity in the crime.

Evidence is said to have been given at the inquest to the effect that Perry was beaten almost into insensibility by his companions, after which he was shot, then held and his throat cut. The body was then placed on the railroad track. Perry was known to have had several hundred dollars on his person, of which he had been robbed.

A Denial from Mrs. Holman.

Pittsburg, Pa., July 6.—Mrs. Charles J. Holman, mother of Evelyn Nesbit Thaw, made the following statement to the Pittsburg Press this morning: "I never introduced my daughter to Stanford White. I never took her to theatre managers. I accompanied her, as I would not permit her going alone. I have been maliciously misrepresented. My story will be told at the proper time. Am not in strict seclusion. Have received all friends, but have denied reporters."

He hopes to make his first wireless test in about a fortnight. The people of Tromso gave the expedition a hearty send off.

At a baseball game Wednesday at Pleasant Hill Church, about forty miles from Charlotte, N. C., John Leak was instantly killed by Will and Tom Little, brothers, who were engaged in playing the game. The men used a baseball bat on Leak, his head being fearfully mangled. The trouble is said to have originated because Leak purchased some wine from the Littles and refused to pay for it. Several others have been arrested in connection with the killing.

Harry K. Thaw, from his cell in the Tombs, yesterday, made an emphatic denial through his counsel that his wife, before her marriage to him, had ever contemplated a suit against him or had ever made an affidavit containing serious charges against him. Nevertheless, it is known that the district attorney has been assured that such an affidavit was made, was sworn to and signed by the girl, and that a record of the matter can be produced at the trial. Upon it is likely to hinge the whole case of the prosecution.

Poolrooms in New York and vicinity were beaten out of more than $100,000 yesterday afternoon by a band of wire-tappers. The rooms paid out the money on the second race at Windsor, on Beau Brummel, an 8-to-1 shot. Attention, a 8-to-10 favorite, was the real winner, but the rooms didn't find this out until after their cash-boxes had been depleted. The wiretappers tried to operate the same trick in the third race with Attila, but the rooms discovered the tapping in time. It is thought the wires were tapped at Utica.

Prosecutor David, of Hancock county, Ohio, filed information in the Probate Court yesterday against the Standard Oil Company and John D. Rockefeller. The informations allege that in 1882 Mr. Rockefeller combined individual partnership corporations into the Standard Oil Company. The purpose of this company, the information asserts, was to monopolize the production, sale and transportation of crude petroleum and its by products. This, it is alleged, was a conspiracy against trade and a violation of the anti-trust law.

George Scott, colored, better known as William Lee, who was by Chief Judge Harlan yesterday in Baltimore sentenced to death for assaulting Mrs. Lily R. Barnes and Miss Frances Powell, of Somerset county, Md., may be the first criminal to undergo capital punishment on a boat. It has been suggested by authorities, in view of the threats of lynching made by residents of Princess Anne, the county seat of Somerset, that the negro be hanged on a steamboat, preferably one of the State oyster police steamers, anchored in Somerset county waters for the purpose.

Samuel Farloway, a night watchman for the Pike Colliery Company at Bluefield, W. Va., and John Rawson and Bert Jones engaged in a fight over a gambling game at Matewan yesterday. Farloway was badly beaten and left for dead. Later, he revived, secured a Winchester rifle and started in pursuit of his assailants. He arrived at some camp cars on a siding a mile east and saw two men standing in a car door. Taking them to be Rawson and Jones, he opened fire, shooting Armster Taylor and Harry Hoskins, negro laborers engaged in track work. Hoskins died almost instantly. Taylor was shot through the neck and will die. Farloway is in jail.

Grover Cleveland went unexpectedly back to Princeton Wednesday night from Buzzards Bay. He had intended going to James H. Eckels' camp in Wisconsin, and the first intimation that his plans had been interrupted came in a dispatch from him to Mr. Eckels, received yesterday, saying that he had been taken suddenly ill and had to cancel all engagements. It was learned last night that Dr. John M. Carnochan was attending Mr. Cleveland, but at the house no statement was made as to the character of his illness. It was reported that he was resting easily. It was stated late last night at the residence of Dr. Bryan that the former President's illness is not serious. It was reported in Princeton that Mr. Cleveland had been stricken with appendicitis, but this report could not be verified.

The information received at democratic headquarters in Washington is to the effect that H. Clay Evans, the republican candidate for the governorship of Tennessee, is to be withdrawn a week or two before the election, and G. N. Tillman, of Nashville, is to be substituted on the ticket. In return for withdrawing from the fight for the governorship, Mr. Evans is to be nominated for the Senate by acclamation, an empty honor, as the legislature will be democratic and will elect ex-Governor Taylor to the Senate. The reasons assigned for the proposed withdrawal of Mr. Evans are that Tillman is stronger with the people, owing to the fact that Mr. Evans is not a native of the State, and has not a first-class record in Congress, having voted for the notorious force bill back in the nineties.

His health is wretched and it is declared he will never leave the penitentiary walls alive.

Virginia's Share.

The amount a State receives in appropriations at a session of Congress is very generally taken as a test of the efficiency of its representatives in Congress, including the senators. It is true, this represents a change in sentiment from that which appears to have animated the public men of the South before the war, when Robert Toombs, of Georgia, boasted in a speech in Congress at the end of a long session, that he had not asked the general government for a dollar for his State, and piously thanked God that he could say as much.

The total of the appropriations made for objects in Virginia at the recent session of Congress is considerably in excess of $2,000,000. If the appropriations for the maintenance and improvement of the Norfolk navy yard be included in the summing up, the amount will exceed $3,000,000. The first estimate does include $200,000 for a new government hospital at Norfolk, to the securing of which Mr. Maynard devoted about as much time as to getting the appropriation for the Jamestown Exposition. The Jamestown appropriation of $1,325,000 is not included.

The principal items in the account are the following:

Exposition	$1,325,000
Naval hospital at Norfolk	200,000
Postoffice at Richmond	200,000
Postoffice at Portsmouth	90,000
Postoffice at Lynchburg	80,000
Postoffice at Roanoke	75,000
Postoffice at Winchester	60,000
Postoffice at Clifton Forge	40,000
Postoffice at Fredericksburg	40,000
Postoffice at Petersburg	50,000
Postoffice at Manchester	60,000
Total	$2,208,000

The Second district gets over two-thirds of the total amount appropriated to Virginia. The Third district gets the $200,000 appropriated for the Richmond postoffice, the final cost of which is to be $800,000. The districts which do not get any money are the Fifth, Eighth, and Ninth.—[Richmond Journal.

Today's Telegraphic News

Anxiety in England.

London, July 6.—The warning of Sir Edward Grey, Secretary of State for Foreign Affairs, in the House of Commons last evening regarding the gravity of the situation in Egypt has caused the greatest alarm, Englishmen fearing that another expensive war may soon be necessary. It is the firm belief in high official circles that Sultan Abdul Hamid is responsible for the delicacy of Egyptian affairs, as he has secretly authorized the preaching of an anti-Christian crusade in all of the Mohammedan countries.

The uneasy feeling not only exists regarding Egypt but also to India, which is approaching the trouble line through Abdul's pro-Islam propaganda.

Every English newspaper, liberal and conservative alike, with the exception of the Manchester Guardian, recognizes the gravity of the situation and refrains from any criticisms of the government which would likely embarrass the Egyptian authorities. The Guardian, which cannot bridle the "little Englandism," asserts that Sir Grey's declaration last night was due only to his desire to excuse wholesale punishments of natives for isolated attacks upon Englishmen in Egypt.

The address of Sir Edward Grey, the Foreign Secretary, which has so greatly alarmed Englishmen, was called forth by an attack on the government by Dillon, a nationalist member, for what he termed the "brutal barbarism" of the floggings and executions in Egypt. In reply, Sir Edward said that the recent attack on British officers at Tantab was not accidental, but a deliberate manifestation of the fanatical spirit which had necessitated the strengthening of the garrison in Egypt. He added: "As things are now, I say deliberately and with a full sense of responsibility, that if parliament does anything at this time to weaken or destroy the authority of the Egyptian government you will come face to face with a very serious situation, for should fanaticism get the better of constituted authority there might be the necessity for extreme measures."

Turks Driven Back.

Constantinople, July 6.—A Turkish cavalry force of 1,000 men, which had seized the frontier points in dispute with Persia, has been driven back with losses by a Persian force. The boundary line between Turkey and Persia in the vicinity of Isbidjan has long been in dispute. A Turkish commission was appointed to delimit the boundary, but no report of its findings has ever been made public. Turkish troops were sent into the disputed territory and they occupied positions claimed by Persia. The Shah made frequent representations to the Turkish government to withdraw the soldiers. The Turks continued to hold the disputed points, however, and gave no signs that they intended to abandon them. The Turkish cavalry was active in moving about the country. The announcement of the expulsion of the Turks by force is the first news of movements in the disputed territory for some time.

Arrest of an Anarchist.

Berlin, July 6.—An anarchist named Rosenberg, who is believed to have come here in connection with a plot against Kaiser William, was arrested upon his arrival from America.

Seattle, Wash., July 6.—The anarchist Rosenberg arrested in Germany today, is Augustus Rosenberg, a bricklayer, formerly of this city. His arrest resulted through information furnished the German authorities by the police of Seattle. Rosenberg left Seattle on May 1. A warning was sent to the German government that an attempt would be made on the life of the Kaiser. The German consul at Seattle was ordered to investigate. At the request of the German authorities, a raid was also made on the house formerly occupied by Rosenberg. A plant for the manufacture of bombs and infernal machines was discovered and among the articles seized were 200 bottles of acids and explosives, crucibles, mortars, moulds, a furnace and considerable scrap iron.

Forfeited His Bail.

New York, July 6.—Wheaton B Despard, a'so known as Dan Stevens, who was arrested here several weeks ago on a charge of grand larceny, made by a jeweler of Richmond, Va., has forfeited his $1,000 bail bond. Richmond detectives who came here with requisition papers for Despard have gone home disappointed. Despard's arrest was said at the time of his capture to be important. He and a handsomely dressed woman called at the office of the Adams Express Company at No. 11 West 34th street, to claim a package containing two diamond rings which had been sent to him by a Richmond pawnbroker. The police arrested him when he asked for the package.

Entertained at Sagamore Hill.

Oyster Bay, N. Y., July 6.—President Roosevelt is entertaining Sir Joseph Ward, Premier and former Postmaster-General of New Zealand, this afternoon. Sir Joseph is the leading political light of New Zealand, and is regarded by many as the logical successor of Premier Seddons. Sir Mortimer Durand, the British Ambassador, arranged for the visit of Sir Joseph to Sagamore Hill. The distinguished New Zealander reached Oyster Bay on the 12:20 train and was met at the station by one of the President's carriages. Sir Joseph will take lunch with the President and return to New York on a late afternoon train.

No Peek-a-Boo Waists in Church.

Wilkes-Barre, Pa., July 6.—There is consternation among scores of pretty girls who belong to the congregation of St. Ignatius Catholic Church, at Kingston, because Rev. Father Lynett, the rector, has tabooed peek-a-boo waists, short sleeved gowns, and gowns that are low cut in the neck. In his pronunciamento the priest stated that he did not blame the fair members of the congregation for dressing as cool as the weather demanded, but that he did not think that the articles of dress enumerated were modest, and, therefore, he would not allow them worn in the church.

It is always well to have a box of salve in the house. Sunburn, cuts, bruises, piles and boils yield to DeWitt's Witch Hazel Salve. Sold by W. F. Creighton & Co., 401 King street.

Demurrer Sustained.

New York, July 6.—The sugar trust cases were thrown out of court today. Judge Holt, in the United States District Court, handed down a decision sustaining the demurrer entered by counsel for Nathan Guilford and F. L. Pomeroy, who were indicted by the federal grand jury jointly with the New York Central Railroad and the American Sugar Refining Company, together with officers of the two last named companies for violation of the Elkins rebate law. Judge Holt also dismissed the charge of conspiracy found against Guildford and Pomeroy, and the New York Central Railroad, under section 5440 of the revised statutes. In his decision Judge Holt says that the Elkins act, passed in June of this year, is not retroactive and that even if offenses were committed by the defendant, which are made punishable under this act, they were committed prior to the enactment of the law. The defendants cannot be held liable under this act. He also holds that section 5440 does not provide for imprisonment for offenders of that section and that the indictment found by the grand jury is therefore defective.

The decision does not interfere with other findings of the grand jury in these cases. In fact, it upholds them. Guilford, Pomeroy, Edgar and Earle are held to answer to charges of violations of the Elkins rebate law. Three officials of the American Sugar Company are also held under an indictment handed down by the grand jury. The accused trust and railroad officials will probably be brought to trial late this month.

Balloon Sails Away with Negro Captive.

Pittsburg, Pa., July 6.—When the regular aeronaut who was to have made the balloon ascension at Schenley Park became ill, Wednesday afternoon, and could not make the trip, William Jackson, a young mulatto, volunteered to take his place. After he had assured everybody that he knew how, he was allowed to go up. Two ascensions were scheduled, and he made the first. Jackson got along all right, although he only went up about 400 feet, coming down in the parachute.

He started on the second trip, but when he got up a short distance and tried to cut the rope which releases the parachute he found to his dismay that something had gone wrong, and the knife would not cut the rope. The spectators and those who had charge of the performance watched in dismay as the balloon rose higher and higher. The crowd could see that something was wrong by the frantic appeals of the negro. Finally the balloon disappeared from sight. Nothing was heard of Jackson until yesterday morning, when he appeared at Schenley Park several shades lighter. He remained with the balloon, because he was strapped to the parachute, until the big bag reached a height believed to have been 5,000 feet. Then it slowly settled and landed in a tree at Highland station, about fifteen miles from this city. Jackson escaped unhurt, but was frightened almost to death.

Victory for the Government.

Chicago, July 6.—The government has won a great victory in the Federal Court before Judge Landis, in the Chicago & Alton rebate case. This morning Judge Landis ruled upon motion of the attorneys for the railroad that [illegible] ured not guilty of [illegible] Schwarzschild & [illegible] that the payment [illegible] a dollar per car for [illegible] Schwarz child and [illegible] was not a rebate in Elkins law. Eight counts in the indictment found against the Chicago & Alton and its agents John N. Faithern, and Fred A. Wann, were upheld in this ruling. The court is now passing upon two counts in the indictment involving the repayment of passenger fares.

Found Remains of Boy in Shark.

New Orleans, July 6.—A week ago one of the students at the St. Stanislaus' College, at Bay St. Louis, on the Gulf coast, was captured by a man-eating shark while swimming about a half-mile from shore and was never seen again after he was dragged under the water by the shark. Since that time Gilbert Marshall, a West Point man, who is now at Bay St. Louis on his vacation, and his brother Carl have been making a determined fight on the larger sharks and have landed four which have been interfering with the bathers for some time. The largest specimen was caught Tuesday after a fight of three hours. After dragging him to shore the two young men, as a matter of curiosity cut him open and found a part of the head and arms of the student that had disappeared.

Fierce Fight.

Detroit, Mich., July 6—Willie Spracklin, of Windsor, and Frank Carsey, of Cleveland, fought a 25-round draw on the bank of the Detroit river that wound up at two o'clock this morning. It was one of the fiercest fights ever witnessed between two little fellows in this part of the country. Ring followers who never miss a single event of importance declared it even out-did the bouts between Nelson and Britt, not only in fierceness, but in the speed of the two fighters to the finish.

Board of Conciliation.

New York, July 6.—The Board of Conciliation met here today and submitted to Dr. Charles H. Neill, referee of the board, for final adjudication several grievances which the board members were not able to agree upon.

Dr. Neill took the differences under advisement. The grievance of miners of the Dickson colliery of the Delaware & Hudson Company over the question of wages paid for opening chambers were taken up for final consideration. John T. Dempsey, secretary of district No 1, presenting the miners' side of the case in the absence of President Nicholls.

The grievances of the mule drivers who were working for patcher's wages in the Markles mines were offered. Mule drivers contend that they were hired at patchers wages, which is $1.08 a day, and forced to drive mules. They demand that they be paid mule drivers wages and asked the board to devise some way of preventing their discharge if they refuse to drive mules for the wages paid mule patchers. Several other grievances were considered.

Shot and Killed

Baltimore, July 6.—Geo G. Gesswein, brother of Sergeant Gesswein, Southern District Police station, was shot and killed near Ferry Bar shortly after midnight. The shooting was done by one of a crowd of seven thugs who were attempting to carry away a white woman, Mrs. Estella Holmes, aged 20, supposedly for the purpose of criminal assault.

Mr. Gesswein, who is a saloon keeper heard the woman's cries for help and ran to her rescue. The following were arrested charged with the shooting. Howard Chaney, William Mackenroth; Ed. Mackenroth, William H. Wickar, Charles A. Johnson and Morris Elinne. William and Edward Mackroth were identified by the woman.

Lost Child.

New York, July 6.—Captain Brennan, of the Bronx police, and a score of detectives are searching the district for four year old Lena Cinelli, daughter of Pietro Cinelli, a wealthy real estate dealer and head of many Italian organizations, who declares the child has been kidnapped. The girl left her home No. 2396 Arthur Avenue, yesterday to go with a playmate to her home. That was the last seen of her. Cinelli owns more than $100 000 worth of property in the Arthur Avenue neighborhood. He has been an active agent with the police in suppressing a lawless gang that has terrorized the district and as a result, has earned bitter enmities among his countrymen. Mr. Cinelli said today he believed the Black Hand was at the bottom of the affair. He said that on several occasions he had received threatening letters demanding money with threats of kidnapping his children.

Hartje's Arrest.

The arrest of Augustus Hartje, the rich libellant in the Harje divorce case now on trial in Pittsburg has been ordered by District Attorney John S. Robb, on a charge of conspiracy to destroy the good name and reputation of his wife, Mary Scott Hartje. Joined with him in the warrants which were issued yesterday, are his friends, John L. Welshons, president of the Farrar Welshons Hardware Company, and Clifford Hooe, the negro co-respondent first named by Hartje in his orginal divorce petition. Hooe is now in jail, having confessed himself guilty of perjury in making affidavit as to his relations with Mrs. Hartje. On top of this came the rumor that the defense has located the person who is alleged to have forged the letters presented in evidence last week, and it proves to be a remarkably clever young woman. Her statement is said to be that she did not know the purpose for which the letters were to be used, but understood they were to play an important part in a melodrama, which was being arranged for the stage.

Young Man Drowned.

William F. Mason, twenty years of age, was drowned while swimming off the north end of the wharf of the Mutual Ice Company, about 8:30 o'clock last night. In company with Dennis Ramsay, a son of Mr. G. William Ramsay, young Mason went to the river front about 8 o'clock to swim, and the two youths were enjoying the sport until Mason dived from the wharf. He came to the surface, but almost immediately sank. Becoming alarmed young Ramsay dived after his companion, and upon reaching him stuck out his foot for Mason to seize in order that he might take hold of it and reach the wharf. Mason, instead of reaching for young Ramsay's foot, slapped at it and sank again. Ramsay then cried for help and threw a bundle of shingles and a plank overboard hoping that Mason would seize one or the other, but the unfortunate young man failed to come to the surface again. The body was recovered about an hour and a half later by Capt. Keith Davis. The unfortunate young man was a son of a prominent merchant of Woodville, Rappahannock county, and had lived in this city only a short while. He was connected with the dry goods house of Goodloe & Co., and his father was notified of his death by Mr. Goodloe over the long-distance telephone. The report of the drowning soon spread over the city and in a short time a large number of people gathered at the foot of Cameron street and remained in the vicinity until the body was recovered and taken away by Demaine & Son, undertakers. Young Mason during his residence in Alexandria had made many acquaintances, among whom he was deservedly popular, and his sad fate is much regretted.

Lieutenant Smith as soon as the drowning occurred telephoned to Commodore Sutton, of the Washington police boat Vigilant, and requested him to send the steamer here and aid in recovering Mason's remains. The steamer could not be sent, but the Commodore forwarded grappling irons and other contrivances to be used in recovering the remains. Before their arrival however, Capt. Davis had secured the body. Officers Lyles and Jones had in the meantime rigged the grappling hooks and made all preparations for dragging for the remains. Attempts were made to resuscitate it as soon as it was placed upon the wharf, but life was extinct, it having remained in the water about an hour and a half.

The remains were shipped at 11:35 this morning to Rappahannock county.

Fined Sixty Dollars.

Dow P. Hurley, who was arrested last Tuesday night charged with conducting a gambling house and selling liquor without a license, was brought before Justice Caton in the Police Court this morning. Hurley was represented by Mr. L. H. Machen and Mr. S. G. Brent, Commonwealth's Attorney, conducted the prosecution. The evidence was to the effect that gambling had been conducted in a room presided over by Hurley on the north side of King street, between Royal and Pitt; that liquor had been distributed to the patrons of the place and that "rake-offs" had been collected from each hand with which to pay for the same. Hurley was fined $50 for dispensing liquor without a license and $10 for permitting gambling on his premises. Mr. Brent said that he had no desire to see the maximum penalties prescribed the State law imposed in this case and therefore preferred to have the cases tried under the city ordinances, believing that the fines would be a sufficient deterrent to the accused and others who might be tempted to take similar risks. Should this action fail to teach the proper lesson, however, and the laws be again defied, Mr. Brent said he would insist upon the disposal of such cases under the State laws which prescribe heavy fines and imprisonment.

City School Board.

The monthly meeting of the City School Board was held last night, Mr. W. F. Carne presiding in the absence of the chairman.

A number of bills for repairs and supplies were ordered to be paid.

Applications for the position of teacher were received from the following and ordered on file, viz: Miss V. Ada Grigg for principal of Lee school; Miss Elizabeth W. King, H. W. Rinker, of Leesburg; Miss N. G. Edwards, of Falls; Miss Minnie Keyes, of Myron; Miss Bettie G. Epes, of Blackstone, and Miss Janie A. Carter, of Occoquan.

Mr. Yates, from the committee on school-houses and furniture, presented estimates for erecting a fence around Washington building—one for an iron and one for a board fence—and the matter was laid over.

The committee on schoolhouses and furniture was directed to have made during the summer vacation the necessary repairs to the several school buildings.

Killed by an Electric Car.

As a result of injuries received at an early hour yesterday morning, when he was run over by an electric car on the Old Dominion line near Falls Church Junction, Harvey Kidwell, 30 years old, of Vale postoffice, Fairfax county, died at Georgetown University Hospital yesterday morning. It is believed Kidwell was asleep across the track when the car struck him. He had a short time before boarded a car, which he discovered not to be the right one. He stopped the car and got off near the junction. This was the last seen of him. It is very dark at the point on the track where the accident occurred and when the motorman saw the body it was too late for him to stop the car. Both legs were crushed at the thighs, making it necessary to amputate them. Death resulted in three hours.

Death of Peter Pulman.

Mr. Peter Pulman, an old and well-known resident of this vicinity, died suddenly at his home, "Cameron," Fairfax county, at 6 o'clock this morning. He was born in Yorkshire, England, but came to this country when 20 years of age. The deceased leaves a widow and several children, among them Mr. C. O. Pulman, of this city.

U. S. Court.

[Judge Edmund Waddill presiding.]

The cases of S. F. Gore and R. L. Kilby were continued.

The jury was discharged subject to the call of the marshal.

An order was entered appointing R. H. Cox, Sergeant of Alexandria, receiver in the case of the Alexandria National Bank vs. Willis C. Bates and directing said receiver to sell property. The receiver entered into bond in the sum of $1,000.

In the matter of C. C. Cushing; involuntary bankruptcy; upon the petition of Charles King & Son, the National Bank of Manassas and C. L. Hyson, on petition that C. C. Cushing be declared a bankrupt, it was ordered that the said, C. C. Cushing, appear in court on July 16th and show cause why the prayer of the petitioners should not be granted.

Court adjourned for the term.

Luna Park.

Another large crowd of Alexandrians and Washingtonians mingled at Luna Park last night and enjoyed the attraction of this popular resort. The electric railway company now runs in conjunction with the regular trains an open car from this city to the park. After discharging the passengers the car returns to this city with such Alexandrians as wish to come home.

Dogs.

Some members of the police force say that the number of dogs in Alexandria exceeds one thousand. Many roam the streets night and day. Persons owning or harboring dogs without a license are today liable to a find. Less than 600 licenses have been issued, and it is said that if some persons were reported they would feel greatly mortified if brought to trial in the police court.

The Apartment House.

Riot and Mutiny.

Dispatches from Tokio state that the steamship Colonia which arrived at Nagasaki yesterday from Vladivostok, reports that riot and mutiny are in progress in the Russian naval stronghold. The Colonia brought a number of refugees, who fled from the city for fear the town would be destroyed.

No inkling of the reported rioting and pillaging at Vladivostok has reached the Russian public, but the military authorities, who control the telegraph, would be able to withhold for days any news of such conditions, as they did of the last uprising there.

Dispatches received in St. Petersburg yesterday from Samara state that two regiments garrisoning that important provincial capital had mutinied and presented a series of political and service demands. The officers promised to satisfy the service demands if the mutineers would return to duty, but the men replied that they would be satisfied only with compliance with all of their demands. The mutineers still command the situation, but are not indulging in excesses. The situation is complicated by the fact that in Samara the revolutionists are pushing a movement to proclaim a republic in case a general strike is declared and may seize the present opportunity to further their aims. The ferment among the soldiers and sailors at Odessa and Sevastopol continues.

A general strike has been declared by the proletariat organizations of Tiflis, Caucasia, in sympathy with the demand for the pardon of twenty-seven soldiers who have been sentenced to be shot because they refused to fire on the populace during the disturbances there last March. The troops are greatly excited, and if the condemned men are executed a revolt of the garrison is feared.

Washington Wants Trade.

From replies received yesterday at the headquarters of the joint committee of the Bankers' Association, the Board of Trade and the Business Men's Association of Washington in response to a letter asking for the view of local business men on the advisability of forming a shippers' association for the protection of the business interests of the city, it is shown that a lively interest is being taken in the movement. Thirty or more firms have written approving. All stated that they would like to become members of the proposed association.

It is explained by those in charge of the project that it is not the object of the proposed association to turn Washington into a manufacturing city, but rather to bring the city more wholesale houses to engaged in business with the South. But the city has to contend with discriminating railway rates, as well as with the fact that there is no organized body to develop the shipping trade. In this way Washington, the promoters say, while it has many natural advantages as a distributing center for the South, has to contend ineffectually against Baltimore, Philadelphia, New York and Alexandria.

Fourth of July Casualties.

Revised list of July 4 casualties bring the total deaths up to 47, the total injured of a serious nature 2,054, and the total loss by fire directly attributable to celebrations $74,000. Philadelphia leads the list of accidents, with a total of 244; New York comes next, with 186, and Chicago is third, with 156. St. Louis is a close fourth with 148.

The greatest number of deaths was at Wanamie, Pa., where eight people were killed. In the large cities the death list was greatly reduced owing to the strict laws and rigid enforcement thereof. New York has but two deaths against the former average of 15, and Chicago had but two deaths, whereas in former years all the way from 10 to 30 was the customary figure. Chicago had the fire losses with $23,650. Fireworks, in which is included everything excepting cannon crackers and toy pistols, were responsible for the greater number of casualties.

The toy pistol found 253 victims, many of whom will die from tetanus, while the cannoncracker comes next, with 94 victims, mostly lacerated and disfigured. Firearms other than toy pistols maimed 287 persons, and 315 will be marked for life for playing with gunpowder in various forms. All reports agree that the "safe and sane" idea is securing a firmer foothold throughout the country.

Military Board.

A meeting of the military board was held in Richmond yesterday evening, and a number of matters of a routine nature were disposed of.

The board also passed a ruling that officers ordered on special duties, such as court-martial service, should be allowed $4 per day for each day's service, and their actual expenses for transportation to and from points of duty.

The object of this ruling was to allow an equitable compensation to all for special service and to reserve the military fund, as far as possible, for the use of organizations.—[Richmond Times-Dispatch.

Avenged Insult to Mother.

Urged on by his father and mother, Antonio de Ruzzo, an Italian youth of Mamaroneck, N. Y., yesterday shot and killed Michael Ferrari, also of that place. Ferrari was one of the best known Italians of Mamaroneck and had the reputation of being a peaceable citizen. The De Ruzzos keep a saloon. Witnesses say that Ferrari started to leave the saloon yesterday and that De Ruzzo followed him to the sidewalk, where angry words were exchanged. The loud conversation attracted the attention of the boy's father and mother, and the latter is alleged to have said:

"If you do not kill him and put him out of the way, you're not one of our family. He has insulted us."

The boy hesitated, but when his father also urged him on he drew a pistol and fired. The first bullet struck Ferrari near the heart and he staggered a few feet and fell to the sidewalk. As he was falling De Ruzzo exclaimed:

"You have insulted our family you must die."

Then he fired a second shot, which struck Ferrari in the back.

De Ruzzo fled and Sheriff Merrit and his deputies are looking for him. The police have arrested the rest of the De Ruzzo family.

The mother of De Ruzzo says that the insult was offered to her.

Cold Storage Horrors.

The horrors of cold storage plants have been exposed in revolations that on Tuesday aroused every housekeeper in Chicago who learned the fact. The judiciary committee of the City Council heard a report from the Health Commissioner telling officially how putrid chickens are preserved and kept for 10 or 12 years and sold. Much of the poultry kept in cold storage, it is alleged, is poisonous.

Policemen, trying to investigate, are barred from cold storage plants, according to much of the testimony given by Health Commissioner Whalen and Dr. J. H. Bacon, a Peoria bacteriologist, "The very worst conditions obtain in cold storage everywhere," said Chairman Dover, of the committee.

"No housewife knows at present but that the chicken she is buying may be a chick of the vintage of 1896. A label law, providing that each chicken be tagged with the date it goes into cold storage, would remedy this condition, and a rigid inspection law would bring about sanitary conditions and put an end to the sale of putrid meats and chickens."

PROPOSALS.

AN ORDINANCE to provide for the granting by the City Council of Alexandria, to the person or corporation hereafter to be ascertained in the manner prescribed by law, of the right to furnish electricity for light, heat, power and any other general purpose to the City of Alexandria and inhabitants thereof, and to erect, construct and maintain the necessary poles and fixtures and to run wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That there shall be granted in the manner prescribed in an act of the General Assembly of Virginia, approved May 20, 1903 the rights and privileges on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, which are embodied in the following draft of an ordinance:

An Ordinance to grant the right to ——— ———, its successors and assigns, to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria and inhabitants thereof, and to erect, construct, and maintain the necessary poles and fixtures, and to run wires on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

1. That ——— ———, its successors and assigns, be and they are hereby granted the right to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria, and the inhabitants thereof, for a period of thirty years, and for the purpose of furnishing and supplying electricity for light, heat, power, and other general purposes they are hereby granted the use of the streets, highways and other public ways and places of said City, and are authorized to erect, construct, and maintain the necessary poles, fixtures, and other essential apparatus, to construct and maintain conduits, and to run and maintain wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, in order to furnish and supply electricity for light, heat, power and other general purposes to the City or to the inhabitants thereof, upon the conditions, provisions and limitations hereinafter set forth, as well as under these set forth in such ordinances of the City of Alexandria, as may be applicable thereto, and as are not in conflict with this ordinance and the amendments heretofore made or which may be hereafter made to such ordinances.

2. Each route shall be first determined upon by the City Engineer before any poles are erected, and the Committee on Streets may require the said ———, its successors or assigns, to use and occupy the poles already erected by any person or corporation before the running of wires along such route, provided that the City Engineer first deliver to the said ———, its successors or assigns, permission in writing from the owners of such poles already erected, to run and maintain other wires thereon, at reasonable rates to be fixed by agreement or arbitration. All wires run and all work done in pursuance of this ordinance shall be done in a good workman like manner and of material suitable for the purpose, at the time the work is executed, and shall be approved as such by the City Engineer.

3. The rights and privileges hereby granted shall continue for thirty years unless sooner forfeited as herein provided for, and upon the termination or forfeiture of this grant the entire plant, as well as the property of said ———, its succesors or assigns, located in the streets, public alleys, or other public places in the city, shall become the property of the City Council of Alexandria upon the payment to the said ———, its successors or assigns, by the City Council of Alexandria, of a fair cash valuation of said entire plant and property, but the said——— shall be entitled to no compensation by reason of the value of the franchise hereby granted. In the event of the City Council of Alexandria and the said———, its successor or assigns, being unable at least six months prior to the termination of this grant, or within thirty days after the forfeiture thereof, to agree upon a fair and just cash valuation of said plant and property, then and in that event, such valuation shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said——— ———, its successors or assigns, and the third (in case of disagreement by such arbitrators) by these two arbitrators, or, in the event of the the two so chosen being unable, within twenty days after the date of the appointment of whichever of the two was last appointed, to agree upon a valuation, or failing that to agree upon a third arbitrator, the third arbitrator shall be appointed, by the then Judge of the Sixteenth Judicial Circuit of the State of Virginia, and the three arbitrators so appointed, shall proceed to establish a fair cash valuation of said plant and propertys excluding the value of or any compensation for the franchise hereby granted, and upon the payment of the amount so established and fixed to the said ———, its successors or assigns, by City Council of Alexandria, the said plant and property shall thereupon vest absolutely in the City Council of Alexandria, and any expense incurred for compensation for the three arbitrators so appointed, shall be borne by the said———, its successors or assigns, and the said City Council of Alexandria, equally.

4. The City Council of Alexandria expressly reserves the right to impose other reasonable regulations, conditions and requirements upon the said ———, its successors or assigns and to pass such other ordinances as may be necessary to secure efficiency of public service by said ———, its successors or assigns, at reasonable rates, and to compel the said ——— ———, its successors or assigns, to maintain said plant and property of the said ——— ——— in good order throughout the term of this grant; and it is hereby expressly provided that for a failure to comply with any material provision of this ordinance or of any such regulation, condition, requirement or other ordinance, this ordinance may be declared forfeited by said City Council of Alexandria, and be repealed, and the franchise hereby granted be declared to be at an end, provided always that any such failure shall not have been made good by the said ——— ———, its successors or assigns, within ninety days after written notification of such failure to said ———, its successors or assigns, provided always that any such failure resulting from the act of God, public enemy, strikes at home or abroad or from any other unavoidable accidents or events, shall not be deemed a ground for declaring the franchise, rights and privileges hereby granted repealed, forfeited or at an end.

And it is further provided that should the said ——— ———, its successors or assigns, be compelled by virtue of any state or municipal law or ordinance to place its or their conductors or any portion or portions thereof under ground, that the City Council of Alexandria shall provide, at its own expense, the trench or trenches necessary for the burying of such conductors, said City Council bearing the entire expense and responsibility incident to the opening and closing of such trench or trenches and the proper relaying of the pavement thereby disturbed, and said ———, its successors or assigns, bearing the entire expense incident of the furnishing and placing within such trench or trenches or the underground conductors and conduits so required.

5. For failure to compiy with any material requirement of this ordinance the said ——— ———, its successors or assigns, shall be liable to a fine of not less than ten nor more than one hundred dollars for each offense, each day's failure to be a separate offense, said fine to be collected as other fines are collected and paid into the city treasury. The imposition of any fine under this section shall not prevent a forfeiture under the foregoing section.

6. That the said ———, its successors or assigns, in the equipment of the poles, wires, fixtures or other works will use such appliances as are best designed to prevent injury by electrolysis to the water and gas mains and pipes or other public improvements of the city, and will pay to the City Council all damages to gas mains and pipes occasioned by electrolysis caused by the failure to use such appliances and will also indemnify and save harmless the City Council from all claims of damages occasioned to person or property growing out of injury from the failure to use such appliances. The said ——— ———, its successors or assigns, agree and bind themselves to hold the City Council free and harmless from liability from any and all damages, except as herein otherwise expressly agreed, that may accrue to any person or persons or corporation or corporations on account of injury or damage to person or property growing out of the construction, improvement, maintenance, repair or operation of the works and fixtures hereby authorized, and whenever the city is liable therefore and shall be sued for such damage either independently or jointly with the said ———, its successors or assigns, on account thereof, the said ———, its successors or assigns, upon notice to it or them by the City Council will, except in a case where it is herein agreed that the entire responsibility for any stated work shall lie on the City Council, defend the city in such suit, and in the event of a judgment being obtained against the City Council, either independently or jointly with the said ——— ———, its successors or assigns, on account of acts or omissions of the said ——— ———, its successors or assigns, then said ——— ———, its successors or assigns, will pay such judgment with all costs, and hold the City Council harmless therefrom.

7. The said ——— ———, its successors or assigns, shall have a telephone placed and kept in its or their central station and whenever it shall become necessary to have the current cut off the wires on any of its circuits during the progress of a fire, said ——— ———, its successors or assigns, shall immediately, upon the receipt of a message from the Chief of the Fire Department, or his representative, have the current on such circuit cut off and allow it so to remain until notified by the said officer or his representative that the said current may be again turned on.

Should said ——— ———, its successors or assigns, fail, at any time, to immediately obey any such message whenever given, it or they shall be liable to a fine of not less than ten dollars nor more than one hundred dollars for such failure.

8. The privileges hereby granted are given upon the following further conditions:

(a) That said ——— ———, its successors or assigns, will, within six months from the date of approval by the Mayor of the city of Alexandria, the final ordinance granting the privileges herein contained, begin to construct the work hereby authorized, as herein agreed, and fully complete the same within twelve months after the approval of said ordinance.

(b) That said ——— ———, its successors or assigns, will continue to push to completion such work as herein agreed, until said ——— ———, its successors or assigns, shall be ready to furnish an adequate current for electric light, heat and power.

(c) That said ——— ———, its successors or assigns, shall, before commencing work under the provisions of this ordinance, execute a bond with security to be approved by a majority of the Finance Committee of the City Council of Alexandria, in the penal sum of ten thousand dollars, conditioned upon the faithful construction and putting into operation, within the time prescribed, and for the proper maintenance and operation of the plant and works necessary to secure efficiency of public service, and to protect the City Council from damages arising from suits or otherwise, for which said——— ———, its successors or assigns, are responsible.
